

Emergency Medical Technicians in Mississippi are taught in a variety of venues at the basic and paramedic levels. As with other medical professions, the graduate of the training program must pass a certifying examination in order to be eligible to practice. The National Registry of Emergency Medical Technicians Examination is that certifying test and can be challenged up to three times in order to pass, then a refresher is required to allow three more attempts to pass.

In an effort to provide disclosure to the student applicants, the pass rates of the Mississippi's training programs are listed below.
